【WISE-PaaS Certified Developer-Level I Exam】

Thank you for registering for the Level I course. To get the WISE-PaaS Level I certification, please follow the exam items below.

WISE-PaaS : https://portal-sso-ensaas.sa.wise-paas.com/
    Workspace: adv-training
    Namespace: level1
DataHub: http://portal-datahub-level1-eks004.sa.wise-paas.com/
APM: https://portal-apm-level1-eks004.sa.wise-paas.com/
Dashboard: https://dashboard-level1-eks004.sa.wise-paas.com/
SaaS Composer: https://saas-composer-level1-eks004.sa.wise-paas.com/

1. Create your own Dashboard and configure the four (4) panels taught in the class. ([Example](#))

- You can use a DataHub project called **"00_Advantech_Demo"** to create your data source.
- It requires the identical dashboard as the example to pass the exam.
- Training accounts are granted "Viewer" permission to access the Main Org. of the dashboard. Another org, with admin privileges, using the email handle of the training account will be created for trainees to do hands-on training content. Users can switch active org by clicking on the account icon at the bottom left:

2. Create your own SaaS Composer Sketchboard and complete the scene taught in the class. ([Example](#))
   - You can use a DataHub project called **"00_Advantech_Demo"** to create your data source.
   - It requires the identical sketchboard as the example to pass the exam.

** Please use your <mark>**"Date+First name+Last name"**</mark> to name your dashboard and sketchboard for confirmation (Ex: My dashboard name would be: <mark>**20191008-Georgia-Liao**</mark>)

3. Take the [Online Test](#) (Released on 3/19)
Please note: **70/100** is required to pass. If you don't pass the first time, you will have a second chance. Please send an email notifying us and we will send the second test link to you.

■ After completing all items, <mark>**please e-mail Dashboard and Sketchboard URLs to wise-paas.training@advantech.com.tw.**</mark> We will send the confirmation e-mail **within two weeks**. If you have any questions, please contact us through Support Portal. Thank you.

** The Level I training account will be disabled **3 weeks** later. If you need more time to complete the assignments, you may [apply for extending your account permission](#) for two additional weeks in order to finish. Please note this can only be done **ONE** time. It must be applied before permission expires. If account permission has expired, you cannot apply for an extension. Thank you.
